

Wangh was a Miss Wetzel, of
Lewistown. No particulars of her
death have been learned.

It is reported that Col. John T.
McGraw is going to set aside a
number of acres of ground in Mar-
linton for a baseball and football
park. If the report be true, and
we have every reason to believe it
is, as it comes from good authority,
it will be a matter of pride to the
local athletes to fence the grounds
and otherwise improve them.

Greenbrier river for over twenty years and are just finishing this year.

The fish supper to be given next Monday night in the Sutton building for the benefit of the M. E. Church, South, promise something new in the way of church suppers. This will not be a skimpy affair presided over by a lot of the elderly ladies of the church where one gets a gob of wind and two fried oysters for a half a dollar. It will be under the entire supervision of men who know what it is to go away from a church supper empty of pocket and not full internally. All the fish you can eat for fifty cents.

Last Saturday there was a match
 game of football played at Acadia
 in between the Marlinton and
 Academy teams. The game took
 place at 2:30 in the afternoon. The
 score stood 2 to nothing in favor of
 Marlinton.

THE

Cecil Shinnelley, the 14-year old son of E. P. Shinnelley of Chevrolet came near laying low a large eagle last Tuesday. The eagle had been carrying away a number of Sam Hannah's lambs lately and the lad seeing the bird coming in the direction of his father's place got his gun and awaited for him. When within about sixty yards he fired a charge of No. 2 buckshot into the bird but it failed to bring him to the ground although from the manner of the eagle's flight it was seen that he was hard hit.

The baseball ground given by
Jno. T. McGraw for the benefit of
the Marlinton base ball team has
been cleaned up and is now being
used. Tuesday a match game
was played on this ground and an-
other game is set for tomo-
row. The home team is making
preparations to better equip itself
and we may look forward to some
good games here this summer. Last
year our team was good, but this
year it is better, several new play-
ers having come to town, among
whom is a good pitcher. Shires
as a batter, Livesey and Walters
as all-round players are valuable
additions to the team.

PLARS

VICTORY FOR MARLINTON.

First Game of the Season Won on Marlinton Diamond by Local Team.

Lewisburg received a big game early at the hands of the Marlinton baseball team in the first game of the season played on the home grounds last Saturday afternoon. The score standing at the close of the first half of the ninth inning 10 to 0 in favor of Marlinton. It was a great game and all who were present were surprised at the work of the local team. All feel confident that we have a team this year that can make a good showing with the best of them. Lewisburg was the admitted champion team of this section of the state last year and in the game here Saturday they were strengthened by Boone, C Rowe and H. Rowe, of the Alderson team. Jones, the Marlinton pitcher,

Hits were made by Jones, Broadbus, Gibson (2), Yeager, S., Wallace, Guilford (3), and Yeager, P.

Runs were scored by each of the following: Livesay, Broadbus, (2), Gibson (2), Yeager, S., Wallace, Guilford, Yeager, P. (2).

A return game will be played at Lewisburg on Saturday, May 11th.

these young gentlemen are in the
senior class which numbers seven-
ty-three.

A game of baseball is being ar-
ranged between the Marlinton and
Alderson teams to take place on
the grounds here between the first
and tenth of June. As Alderson
has a very strong team and Mar-
linton's team is considered no
slouch this season a good game
may be expected.

All persons wishing to take
part in the tournament here on
July 4th should confer with J. L.
Wallace, chairman of the Tourna-
ment Committee.

With some fathers, to the extent of this week with several assistants looking up the records of a tract of 20,000 acres which this firm will survey this summer. The land lies along the Buckhannon river and we understand it is a fine body of timber. Work will begin as soon as looking up the records is completed.

Dr. Clyde Y. Beard, practicing physician at Dunlora, we learn from the Weston Independent, has purchased the practice of Dr. Kennedy near Weston. Dr. Kennedy will be ready to vacate on the 15th. Dr. Beard has been practicing for the past two years at Dunlora and has bright prospects before him. His neighbors will be sorry to hear that he is to remove from among them.

The Marlinton baseball team will cross bats with a team from camp Greenbrier tomorrow afternoon. This camp is located on the old fair ground, a mile above Alderson, and the team is one of the best in the Greenbrier valley. The players are selected from a number of young men from Baltimore, Washington, Staunton and other points who have been spending their summers at this camp for the past several years. A good game may be expected.

An informal banquet was tendered the members of the Marlinton Fire Department last Saturday night at the temporary court house by the members of Hose Co. No. 2, after the horse race and the ball game July 4th. Refreshments were served and a friendly time

passed. The entering of his name on the delinquent list was a mistake by reason of the sheriff not knowing the person named.

Three games of amateur baseball were witnessed this week here and at Campbelltown. The Marlinton second team defeated the second team from Campbelltown in two games. In the first game the score stood 14 to 13, and the second stood 11 to 9. The single men defeated the married men Wednesday by a score of 22 to 8.

Withrow McClintic reports a wild animal breaking up a setting turkey hen at his place near Buckeye a few nights ago and destroying thirteen eggs. The next night he put two eggs out containing poison but the animal did not put in its appearance. The two eggs containing poison were taken up and destroyed. The next night the animal again made his appearance and destroyed a brood of several young turkeys and the next night returned and carried away the hen. The following morning the turkey hen was found dead some distance from the house and by its side a coon also dead. The cause of the coon's death is a mystery, but death is supposed to have resulted from becoming overheated in dragging the hen up a hill near where it was found. The coon had had only three legs, the other having been cut off some time ago and was completely healed over.

Bad Burns Quickly Healed.

"I am so delighted with what

A few doses of this remedy will invariably cure an ordinary attack of diarrhea.

It can always be depended upon, even in the most severe attacks of cramp colic and cholera morbus.

It is equally successful for infantile diarrhea and cholera infantum in children, and is the means of saving the lives of many children each year. When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his house. Buy it now. Price, 25c. LARSEN BROS., DULUTH, MINN.

What Changes Time

The kittens that saw the light of Hoo Hoo land were Hubert "Protented" Echols, assistant cashier of the Bank of Marlinton and a member of the firm of Hunter and Echols, real estate and insurance dealers, Marlinton; William McKinley Fank, manager of the Red Lick Lumber company, and also a member of the firm of Fink Brothers, contractors; Hubert Sogon Gravely, salesman, of Charleston; Edward William Guilford, wholesale lumber, part owner and superintendent of the Marlinton hospital, Marlinton; Benjamin Hodges, salesman, of Richmond; Edgar Honston Williams, member of the firm of Williams Brothers, civil engineers and real estate dealers.

For the session in the garden closed every one repaired to Marlinton Hotel where a fine was served in most elegant order. A. D. Williams, of Marlinton, was toast master and led the evening to the satisfaction of all present. Among the excellent speeches those deserve special mention are Stover, M. H. Hawkins, a known newspaper man, agent and at present oil man, made a hit but the of the evening are undoubtedly Dr. E. W. Guilford, who he was admitted into the room having once doctored a man who died. W. H. Contractor, builder, lum- and politician did credit to himself. James Paris struck the note of the evening when he shed the name of E. Boggess, of Clarkaburg, mark of the Universe and at every one attend the Atlantic City on Sept. 1-17 to promote the in-

their salaries aggregating \$1,700.- \$18,70.

Brooklet Speckled Trout.

The speckled trout of Greenbrier and Pocahontas counties are of the finest texture and supply the most delicious eating in the world, says the West Virginia News. The black bass are an extra fine game fish, affording rare sport to fishermen and an attractive and enjoyable course on any bill of fare, but they are second to trout. Many fish become tainted in an hour or two after death, owing to their loose texture, but trout are exceptional in this respect. As an illustration,--W. H. Cuckley relates that some years ago when he was sheriff of Pocahontas county, his deputy, Dick Hill, caught some extra nice trout in Elk and wishing to get them to Dunmore he cleaned them, wiped them dry, wrapped them in paper, put them in his saddle-pockets, and rode 16 miles on a hot August day, arriving some twelve hours from the time of starting, when the fish were found to be as firm and fresh as when taken from the water. It is quite certain that any other variety would have been rotten. The cold mountain streams and the extraordinary activity of trout combine to produce a close fibre which resists decay to a remarkable degree.

Copperhead in His Peckel.

John J. Barrick, employed by the Parsons Pulp Paper Company, met with a very strange and singular experience Wednesday a week. During the high water and excitement, he hung his coat in the dynamo room. A large copperhead snake, presumably work-

Pa. left out by the and Dunlap's coat and the K. O. in M. which still bear his name down into the M. C. and entered his chamber and cut his name in a hole near a spring near the hairs of Cornelia. When he came back he found about 500 yards far from what is known at present "Conner Spring." In the his son, Michael Swope, on the 27th day of Sept. 1753. Strange as it may that house has been occupied ever since in a splendid state of preservation.

An older son of his who was born August 1 and who was the grandfather (the writer) was stolen captive there by the Indians the year 1756 at the age of 10 and kept by them until 1760. There is no doubt about Swope being the first child born in southern West Virginia not in the state.

There was some among the older inhabitants traditional history that a girl baby born to a settler that was the first child born in the new state but, if so, who she was she was born has been lost.

David Tygart and settled in West Virginia File near Beverly, and the valley which still bears his name.

Between the years 1761 and 1763 the first child born in the new state was a girl baby born to a settler that was the first child born in the new state but, if so, who she was she was born has been lost.

may live to a riper age and enjoy many more happy years with his children and grandchildren. — Buckhannon Republican.

A new method of bass fishing was discovered this week by one of our local fisherman. While fishing along Knapps creek he discovered an ingenious youth with a fly string of bass which he had caught at the reunion grounds. This young disciple of Leask Walton would get in a pool where there were a number of bass and scare the fish under shelving rocks. Then with a four foot line baited with a crawfish he would go up close to the rock and drop his bait by the side of the rock under which the bass had taken refuge. The crawfish would crawl up under the rock and the bass would readily take it. A good hard pull and the fish was landed. This is rather an important-like method but it will get fish for the pot every time. The youth had twenty-one on his string ranging from two to fourteen inches.

years and now holds a position at the Bank of Marlinton. He made many friends while here and is a most excellent young man. The bride is a very attractive young lady and was highly respected in the community in which she lived.
